

Prophetic Journey with Spencer & Cyndy

More & More LOVE!

Dear Fillionaire,
We pray that the **power of Jesus love is transforming your heart and your life**, making you **MORE & MORE** like Him each day! He loves to make you more than a conqueror in every situation.

It's time for Jesus to be MORE & MORE in our daily lives!

There is a story in Acts 16 where Paul & Silas were in prison for preaching the gospel in Philippi. They weren't afraid or depressed, ***they just began singing & praising God*** in that dark dungeon. God sent an earthquake that broke the chains off & opened all the doors. The jailer was going to kill himself instead of facing punishment for letting the prisoners out.

Paul stopped Him from hurting himself, led that jailer to the Lord, & baptized His whole family. It's reported that ***the jailer then started & became the Pastor of the Philippian church***. This church was one of the strongest & most helpful to Paul in His ministry. They showed so much love that they stood out amongst the early churches.

Paul wrote them in Philippians 1:9 NIV.

And this is my prayer, that your love may abound MORE & MORE in knowledge and depth of insight.

The unconditional love that Paul had shown that Philippian jailer resulted in a whole family saved, & a church being born in that city. Reading Philippians, you can feel the love & connection that they had with him. That expression of the love of Jesus was so good that Paul prayed that they would abound in it ***MORE & MORE & MORE & MORE!***

Once you experience the life changing power of His love, you want it ***MORE & MORE***. You never get tired of it or bored with it, & ***you will always be hungry for it***. He loves you enough to save your life, change your whole family, even to use you to impact your city!

Our prayer for our ministry partners is that God would let you experience firsthand His unconditional

love & give you insight into how to live that way
MORE & MORE.

Thank you for being a partner!

We love & appreciate your prayers & financial support ***MORE & MORE*** each day. God is so good to all of us as we work together to reach our world with the love of Jesus!

MORE & MORE,
